Just a little more and the beautiful, surprising time of Christmas waiting will be here - a time that is unimaginable without colourful parties, gifts, the desire to make each other happy and to say thank you for all the good things we have done and experienced together during the year. That's why we invite you, your colleagues and friends to a themed Christmas party at the Baltic Beach Hotel & SPA. **You won't have to worry, plan, organise and get stressed out, because we'll take care of everything - the buffet, the host, the music, the show and the interactive entertainment. The only worry we'll leave to you is choosing the right festive outfit.**

LADIES AND GENTLEMEN, ARE YOU READY TO TAKE PART IN THE MASQUERADE?

Every year, we offer our guests a unique and memorable celebration, which many of you have appreciated, recommending to others and returning yourself. This year will also be special as we invite you on a journey full of surprises and mystery, to stop where the music is loud and joyful, where people rejoice, sing and dance, where eyes dazzle with the splendour of the costumes and the minds reel with the abundance of feelings and emotions. Join us as we circumnavigate the globe to experience the special atmosphere of the world's most popular carnivals. We'll visit Venice and Rio de Janeiro, the American and Canarian mask parades, and who knows where else the road will take us...

We will serve you a festive dinner in a lavishly decorated celebration hall. The host of the evening will make sure that your smile will never leave your face and every moment will be worth remembering, the entertaining musicians and beautiful dancers will ensure smooth dance steps, and the illusionist - laughter and surprises. There will also be a special guest arriving - Mr. X, but as usual at midnight, with champagne sparkling and the fireworks booming, the masks will fall... but maybe not...
